

## **LEARNING OBJECTIVES**

**1-10-19**

### **DESIRED OUTCOMES**

At the end of the presentation, attendees will be able to:

- recognize the signs and symptoms of AFM.
- conduct a thorough work-up, including lab and imaging, make the differential diagnosis.
- report suspected cases of AFM to state and local health departments.
- prepare to assess cultural diversity issues in risk, incidence, prevalence, disease burden, or mortality associated with AFM and/or cultural disparities in access to care.
